

# Killer Coke The Drink That Represses

When we were originally contacted to help stop the violence against union leaders at **Coca-Cola** facilities in Colombia, we were shocked by what we found. However, it turned out to be just the tip of the iceberg. The company has abused its power and raked in billions by exploiting workers, communities and precious water resources around the globe for decades.

**Coca-Cola** operates like a criminal syndicate with impunity. When you think of Coca-Cola, you should think of a company that has inflicted hardship and despair upon people and communities throughout the world.

## Ten reasons to kick Coca-Cola beverages from your school, university, union, place of business and diet:

- 1 **Complicity in murders** of union leaders in Colombia and Guatemala
- 2 **Cheating workers and the government of Mexico** out of hundreds of millions of dollars
- 3 **Union busting schemes** throughout the world
- 4 History of **racial discrimination** in the United States
- 5 **Depleting and polluting water resources** in Asia, Africa, Latin America and elsewhere
- 6 Aggressively **marketing harmful beverages to children**
- 7 Benefiting from **hazardous child labor** in El Salvador
- 8 **Tax evasion** and tax avoidance in Mexico, the Philippines and the United States
- 9 Monopolistic and **fraudulent business practices**
- 10 **Extreme health risks** to all
